

Ontario

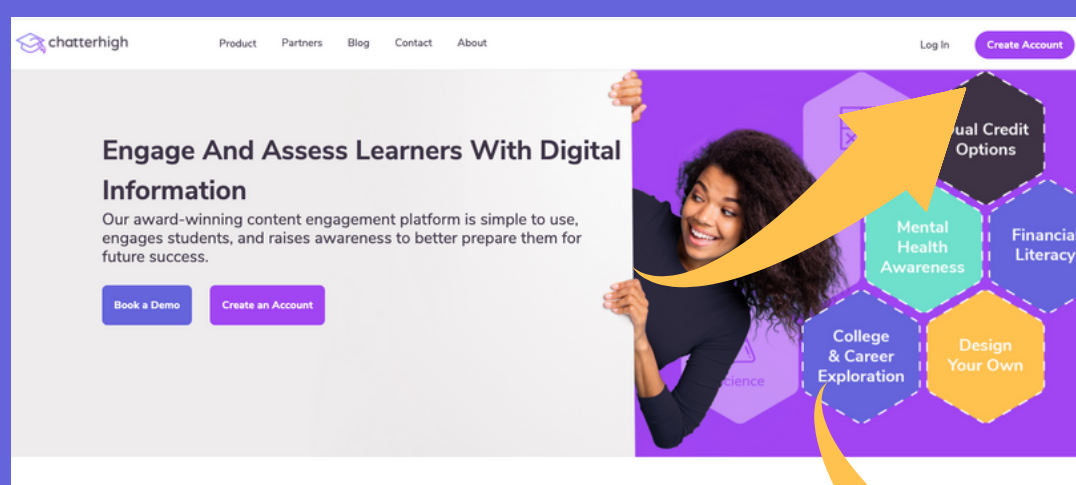

Health Services Industry Pathways

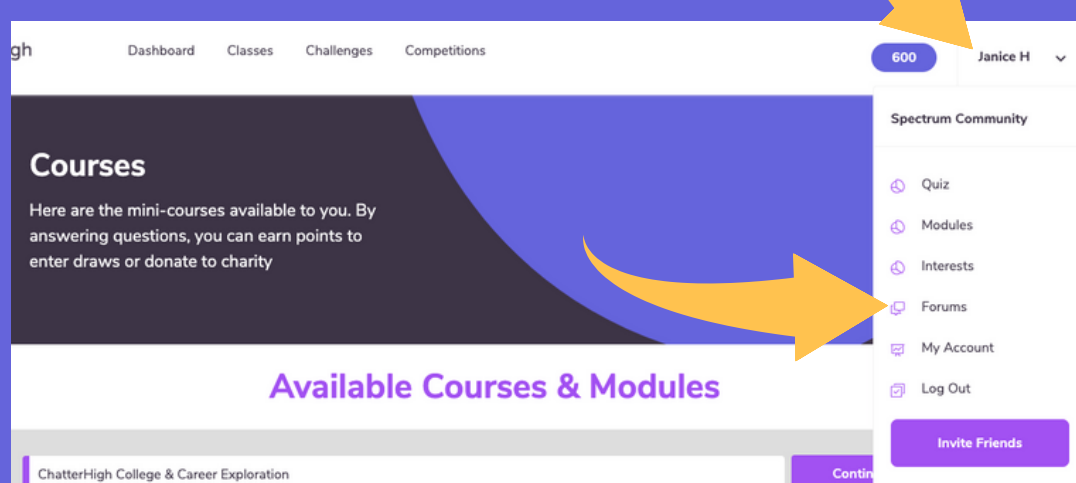

The Health Services Industry Pathways in Ontario course is now freely available for students and teachers on the gamified ChatterHigh platform.

This collaborative course which includes the Medical Laboratory Professionals' Association of Ontario (MLPAO) helps students explore the skills, responsibilities and education requirements of many different career pathways in the healthcare system.

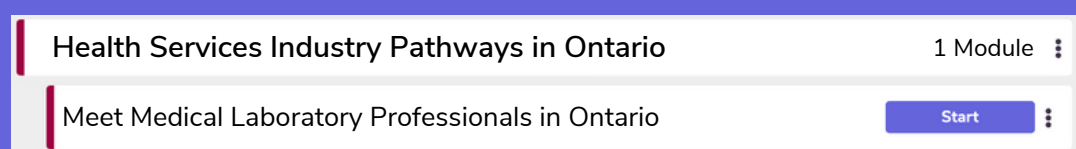

Getting Started is Fast and Easy

1. Visit ChatterHigh.com and create an account

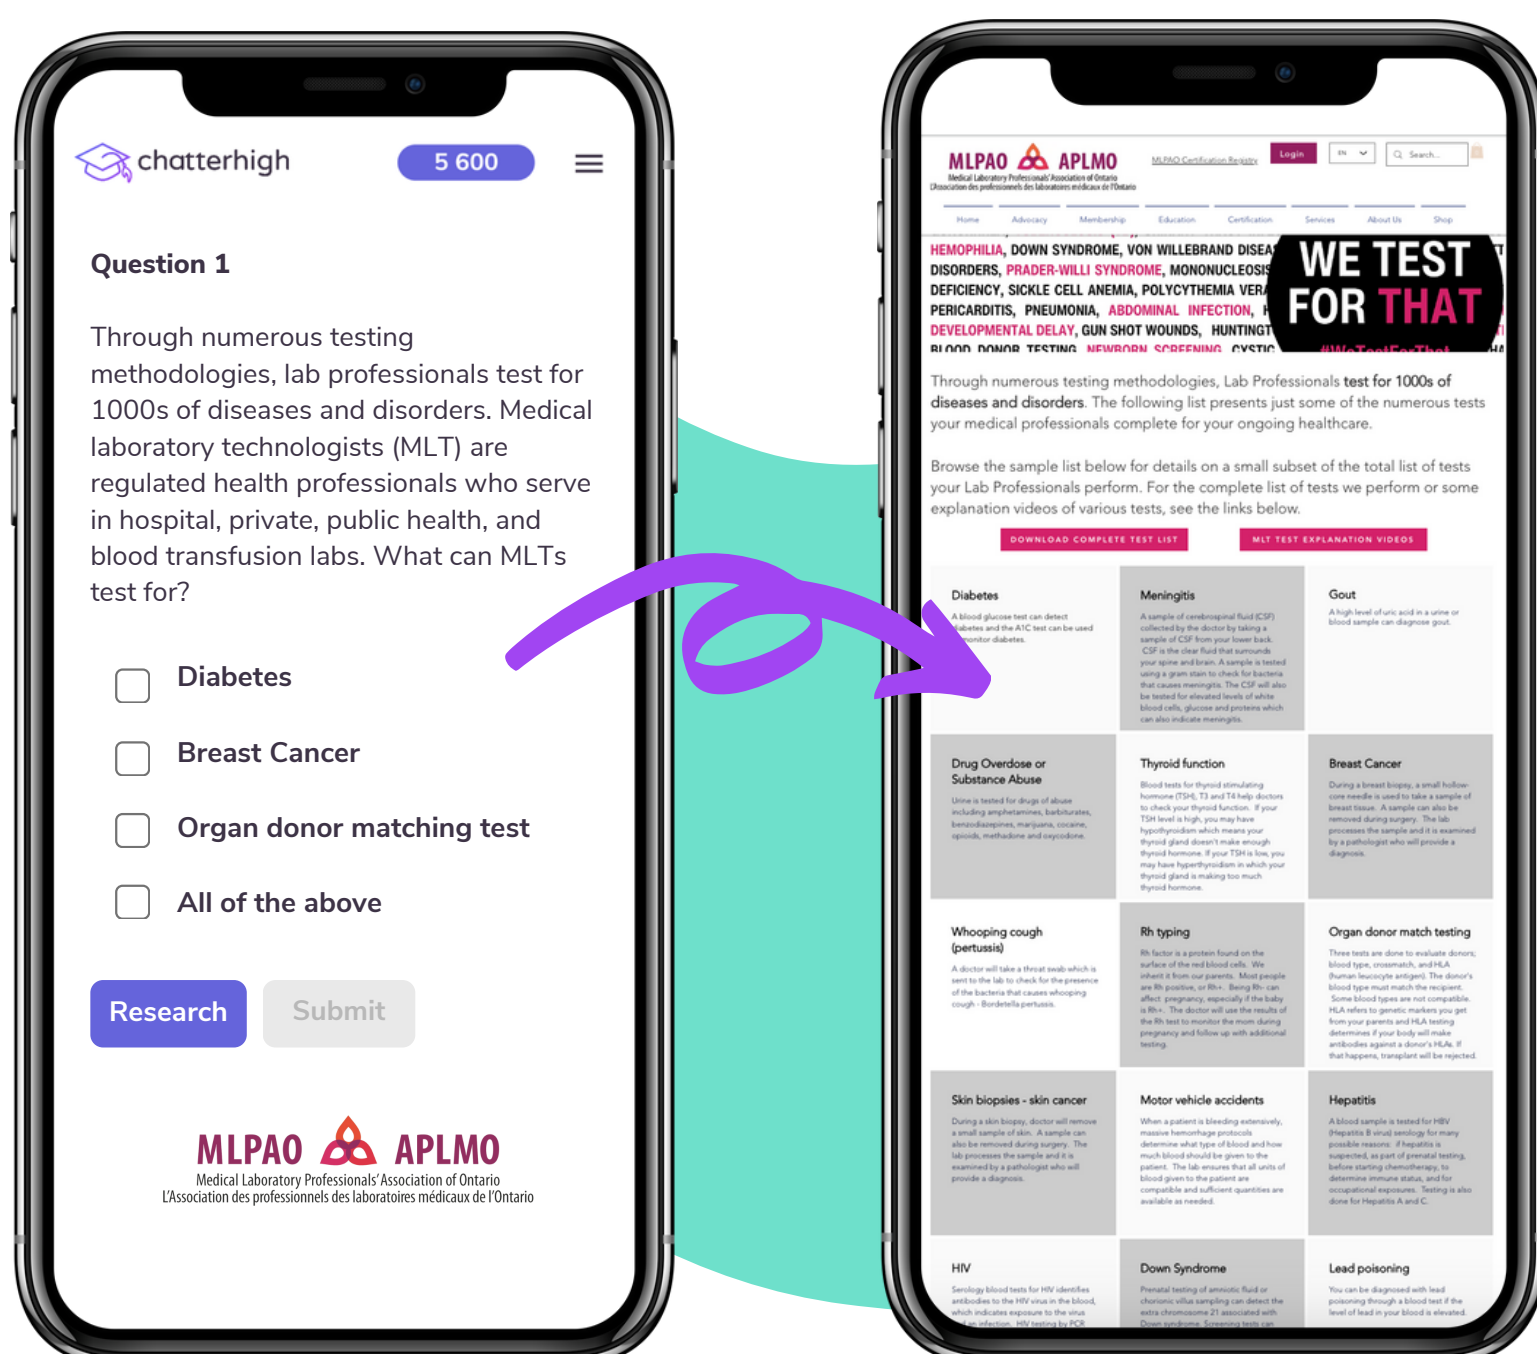

2. After verifying the account, login and navigate to 'Modules'

3. Choose the **Health Services Industry Pathways in Ontario** and start quizzing!

What Students Experience Within Our Courses

Through ChatterHigh's 'search and find' design, students can:

- Benefit from the gamification aspect of earning points which can be donated to charity or used to enter prize draws.
- Discover new education and career interests.
- Understand skills and responsibilities of various health professionals.
