

SAVE LIVES WITH SCIENCE

Have you considered a career as a **Medical Laboratory Technologist?**

If you've ever been obsessed with the investigations of a true crime show like Law & Order or NCIS, medical laboratory science might be your field.

Immediate Need in Ontario - demand for MLTs is double the supply

Apply directly out of high school - 3-year program, no additional degree or diploma

5 programs across Ontario - Kingston, Oshawa, Sudbury, Toronto, Windsor

Work in **hospital, private, public health, research,** and blood transfusion labs

Analyze blood, tissue, and fluids to diagnose and monitor infection, disease, and more.

Find your future at mlpao.org - if you're interested in a presentation at your school, contact mlpao@mlpao.org
